FREEDOM SIGNAL
INTEGRATED VEHICLE SOLUTIONS
PUBLIC SAFETY | GOVERNMENT | FLEET | SPECIALIZED SOLUTIONS
EQUIPMENT · PEOPLE · MISSIONS · A SAFER TOMORROW

CAPABILITY STATEMENT

Freedom Signal

Vehicle and mission-critical equipment integration for public-safety, government and specialized fleets. Delivered by Freedom Technology Partners LLC, an SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB).

SBA U.S. Small Business Administration — SERVICE-DISABLED VETERAN-OWNED CERTIFIED

SBA U.S. Small Business Administration — VETERAN-OWNED CERTIFIED

CORE COMPETENCIES

- **Warning & scene lighting:** lightbars, sirens and speakers, scene and traffic lighting, and the control systems that run them.
- **Communications:** radios, control heads, antennas, cellular routers and satellite, installed to coexist without interference.
- **Mobile data & technology:** computers, mounts and docks, in-vehicle networking and connectivity.
- **Video & awareness:** in-car and mast cameras, drone video feeds and the displays to use them.
- **Power & equipment:** power distribution, batteries, inverters, generators, consoles, partitions and storage.
- **Vehicle graphics:** striping, decals, reflective markings, wraps, design and removal.
- **Command & specialized vehicles:** mobile command posts, drone (UAS) units, RV conversions and disaster-recovery vehicles.

MARKETS

- Law enforcement · fire · EMS and mobile medical · government fleets · commercial and utility · security and campus · command and specialized units.

DIFFERENTIATORS

- **Practitioner-informed:** our team includes active law-enforcement, fire, EMS and emergency-services personnel.
- **Mission-led:** requirements before product selection, designed around how the vehicle is actually used.
- **Platform-aware:** follows vehicle-manufacturer upfit guidance, power budgets, airbag zones and weight limits.
- **Lifecycle-minded:** consistent builds across a fleet, documented and serviceable.
- **One partner for the connected vehicle:** IT, cybersecurity and 24/7 monitoring through Freedom Tech, and a deployable emergency communications unit.

RELEVANT EXPERIENCE

- **Backed by Freedom Tech:** 100+ clients since 2010, from one-time projects to multi-year managed services, including public-safety organizations.
- **Equipment ecosystem:** integration with products from Whelen, Federal Signal, ECCO, Setina, Havis, Pro-gard, Axon, WatchGuard and others.
- **Leadership:** Leo Castellanos, CEO (retired U.S. Army Special Operations; criminal investigator) and Matt Jones, President & CTO (founded Freedom Tech in 2010), both active North Carolina law-enforcement officers.

Brand names belong to their owners and are listed to describe equipment we integrate, not an endorsement or partnership.
